

# The Parks Medical Practice

---

The Parks Medical Practice seeks enthusiastic salaried GPs to join us in our busy, multi-site Northamptonshire practice. We are open to full and part time candidates, welcome newly qualified GPs and support the GP Fellowship scheme.

We are a GP training practice and place great value on teaching, training and mentorship within our team and with GP registrars, FY2 doctors, medical students and student nurses.

Our list size is 22,500 and growing. We offer community services including minor surgery (vasectomy, carpal tunnel, dermatology) and aural toilette.

We pride ourselves on teamwork, openness and communication which were praised by CQC. We are the lead practice in ParkWood PCN.

Work life balance is important to us and we aim to be family friendly within the demands of our NHS contract.

- Starting Salary £11,000 per session per annum
- GMC and indemnity paid
- 6 weeks annual leave (pro rata)
- Bank holidays and NHS days (pro rata)
- 1 week study leave (pro rata)
